### Installation completed

Note: If a rear view camera option is installed, bend and

break downwards at the break lines the top section of all the panels so it fits under the plastic tubing. It can also be cut off if desired.

**1:** Install Item 12, Front-A Driver Side Panel.

- Align notch and edge of panel with the feature on the vehicle driver side front then align opposite side of panel edge with the contour features.
  - Install hardware (A) and (B,C), in the holes provided, on the bottom of the panel first, working your way up the panel to the top.
- 2:** Install Item 11, Front Driver Side Panel.

- Align notch and edge of panel with the feature on the vehicle driver side front then align opposite side of panel edge with the contour features.
- Install hardware (A) and (B,C), in the holes provided, on the bottom of the panel first, working your way up the panel to the top.
- Install Item 13, Rear Driver Side Panels.
- Align wheel well edge of the panel with the feature on the vehicle; position the contour of the panel to the vehicle wall.
- Install hardware (A), in the holes provided, on the bottom of the panel first, working your way up the panel to the top.

**NOTE: DO NOT INSTALL HARDWARE IN THE HOLES AT THE TOP OF THE PANELS, THESE ARE USED FOR THE SILL INTALLATION**

## Back Door Wall Liner Installation

### ITEM 4

REAR DOOR  
PASSENGER SIDE  
PANEL

### ITEM 1

REAR DOOR
