

Sandpaper textured rubberized top for maximum grip.

Dimensionally stable composite core to mitigate reaction to extreme temperatures.

TPO layer to absorb impact.

Fibre mesh to hold dimensionally stable and increased rigidity.

TPO cushioning layer to reduce road noise and rattling.

STABILIGRIP

NEW dimensionally-stable rigid flooring with improved durability and strength. Built with the toughest proprietary blend of recycled products, its versatility can be used in a wide variety of applications.

- **EFFICIENT:** flat and durable; making it easy for technicians to work on.
- **SAFETY:** minimizes slip hazards and chances of shifting cargo.
- **DIMENSIONALLY-STABLE:** will not swell or bubble even in extreme temperatures.
- **GRIP:** Fine texture gives high grip but smooth cargo loading. COF of 8.7 compared to 2.4 industry average.
- Impact and puncture resistant – protects floor of van from damage
- Custom fit to each specific vehicle
- Professional looking and easy to clean
- Decreases road noise.
- Non-porous plastic – resists stains and mold
